Anti-limescale

Technical information sheet

500ml / Item number 121101008 / EAN 4016215101698

For removing soap and dirt residues and limescale deposits. This prevents the build-up of germs and bacteria that are harmful to health. Suitable for all acid-resistant surfaces in bathrooms and wet areas, such as wall and floor tiles, ceramic surfaces, washbasins and toilet bowls, bath, whirlpool and shower trays, and shower screens. Also for removing limescale from taps and shower heads.

- adheres firmly and has a strong effect
- fresh scent
- hygienic cleanliness and a brilliant shine

Area of application

For removing soap and dirt residues and limescale deposits.

Preparation

Spray the surface and leave the cleaner to work for 1–2 minutes. Then rinse thoroughly with water. For particularly stubborn stains, spray the area a second time and use a brush or sponge to help with the cleaning.

Storage

Keep container tightly closed and store in a cool but frost-free place.

Notes

Keep out of reach of children. Before use, test on a discreet area to check compatibility with delicate surfaces. Not suitable for acid-sensitive surfaces such as calcareous natural stones including marble, shell limestone and terrazzo. For chrome fittings and enamelled surfaces, always allow the product to act for only a short time.

Before use, refer to the safety-related information in the safety data sheet. You can obtain the latest safety data sheets from our website www.baufan.de.
