Whirlpool cleaner SPA concentrate

Technical information sheet

BAuA-Reg.-Nr.: (D): N-118431

1l / Item no.101612 / EAN 4016215101612

Concentrate for thorough cleaning of whirlpools, spas and jacuzzis. Removes deposits in the pipework and jet system, combats germs, fungi and bacterial growth and ensures hygienic cleanliness. Lasts for up to 10 applications - ideal for regular maintenance. Also suitable for whirlpools with an internal semi-automatic or fully automatic cleaning system.

- Concentrate
- against bacterial growth, germs and fungi in pipework and nozzle systems
- Disinfects and cleans
- 1 litre is sufficient for up to 10 applications

Area of application

Whirlpool cleaner against bacteria, germs, fungi and legionella. Removes soap residue, grease and limescale, prevents odours and reliably protects hygiene.

Processing

Either fill the whirlpool tub with water directly after bathing or fill it with fresh water so that the highest jet is completely covered. Add 100 ml of whirlpool cleaner and switch on the system. Leave to run for 15 minutes. Then drain the water and rinse with clear water. For whirlpools with an integrated disinfection system, pour the whirlpool cleaner into the dosing container provided.

Storage

Keep container tightly closed and store in a cool but frost-free place. Keep out of reach of children. Expiry date: see label. Only dispose of empty containers for recycling.

Notes

Always follow the manufacturer's instructions! Causes skin irritation. Causes serious eye irritation.
